Subject: Millstone 1 Missing Fuel Safety Analyses

Diane

Attached for your information is the NRC's letter to Dominion dated 4/14/04, and associated attachments), with our safety analyses on the long-term hazard of the Millstone 1 missing spent fuel rods. This may be of some use in our ongoing communications for Vermont Yankee.

These documents were made publically available in ADAMS on 4/19 and are all contained in ADAMS package ML041060691.
