OK, will do. I sent her some links to the web site yesterday, apparently without incident. I'll cut and paste your reply so she won't have your e-mail address <wink> .

Thanks - I know you're having a rough time up there.

David,

I had attempted to send Lisa some information. Unfortunately her e-mail address gets "weeded out" by my government e-mail system as being an inappropriate site. I'm sure that it is not such a site but I was precluded from getting in touch with her as I did not have her phone number.

Lisa's request was for a current listing of Vermont Yankee -related inspection findings. I spoke with my public affairs folks who said we do not normally provided such listings to members of the public. We do; however, make all of our inspection reports, including associated findings, publically available electronically. I will provide you with a name of my public affairs folks and they can help Lisa get the information she wants.

Lisa should call either Diane Screnci or Neil Sheehan of the NRC's Philadelphia Regional Office at (610) 337-5330. Lisa can also call our Regional Office toll free at (800) 432-1156. Please pass this e-mail along to Lisa with my regards...

David -

I just spent more than a half hour on the phone with a Lisa Hoag, who, among many complaints, said she'd given you her email address at the March public meeting asking you to send her the "concerns" NRC had w/Vermont Yankee. Could you pls at least send her a short message about how NRC views VY's safety record over the year covered in the EOC meeting?

Thanks - I'm still on the phone with her ...
