The State of Mississippi commits to implement increased controls identical to those dispatched by the NRC on September 2, 2005 (RCPD-05-014), subject to the following change:

State of Mississippi licensees will notify the Division of Radiological Health or the Mississippi Emergency Management Agency rather than the NRC Operations Center to satisfy the requirements of IC2.d and IC3.a.4.

The State will use the identical table of radionuclides of concern that the NRC provided in RCPD-05-014.

The State will use the identical letter and license condition provided by the Organization of Agreement States (OAS) in their letter dated September 6, 2005, with information specific to the State of Mississippi, substituted for the bolded notations.
