RE: Termination of NRC License

To Whom It May Concern:

03036771

The purpose of this letter is to formally request the termination of our NRC radioactive materials license. (NRC license # 37-30977-01). Our only radioactive source was a Cs-137 sealed source vial that was for the quality control of the dose calibrator. This source has been sent to the radiopharmacy for disposal or subsequent use by them. We have not begun services but have modified our State of Pennsylvania radioactive materials license to reflect appropriate changes in light of our termination to the NRC license.

Should you have any questions regarding this application request, please feel free to contact me at 814-336-1781, ext. 141 or our Radiation Safety Officer, Charles Anthony Giomuso, MS, at 1-800-934-1871.

Sincerely,

William Henwood
Sr. VP of Mobile & Clinical Services

Source Manufacturer: RADQua1, LLC

Calibration/Reference Date: Aug 22, 2005 RA# 665432

Source Serial Number: BM0637-012-8

If you have any questions or concerns please call us at 208-524-5300.

It is the responsibility of the shipper to ensure that the radioactive material is shipped in accordance with the regulations contained in Title 49 Code of Federal Regulations, Parts 171-180 and that the function specific training requirements identified in 49 CFR 172 Subpart H are met. The instructions provided by International Isotopes Inc. (I³) have been included as a guide and are in no way to be construed by the shipper as a relief from the regulations or as an acceptance of liability by I³ or its wholly owned subsidiary International Isotopes Idaho Inc. (I⁴) for failure of the shipper to comply with the aforementioned regulations. The shipper and not I³ or I⁴ shall be liable for any defect in shipping and shall indemnify and hold I³ and I⁴ harmless with respect to any damage, claim, loss, fine or other liability resulting from the shipper's failure to comply with federal regulations and requirements referenced above or from any other claim arising from the shipment of materials to I³ or I⁴.
