

November 22, 2005

MEMORANDUM TO: Osiris Siurano-Perez, Federal Liaison
Office of State Programs

FROM: Andrew Kugler, Chief /RA/
Environmental Branch A
Division of License Renewal
Office of Nuclear Reactor Regulation

SUBJECT: SIXTH REPORT TO THE COUNCIL ON ENVIRONMENTAL QUALITY
ON COOPERATING AGENCY (CA) STATUS COVERING ACTIVITIES
FROM MARCH 1, 2005 TO SEPTEMBER 30, 2005

By e-mail dated October 3, 2005, you requested assistance from the License Renewal and Environmental Impacts Program in compiling the Office of Nuclear Reactor Regulation (NRR) input to the Sixth Report to the Council on Environmental Quality (CEQ) regarding Cooperating Agency (CA) Status covering EIS's and EA's from March 1, 2005 to September 30, 2005. The staff reviewed the 12 environmental assessments, 14 ongoing license renewal applications, and 3 ongoing early site permit applications involving power and non-power reactor projects that were started or active during this period. Attached is NRR's input to the CEQ questionnaire regarding cooperating agencies.

If you have any questions or comments, please contact Cristina Guerrero at 301-415-2981 or via e-mail at cxg3@nrc.gov.

(Please add and highlight any updated information)

	Total
Number of EAs started during reporting period	9
Number of EAs involving potential CAs	0
Number of EAs where agencies were invited to participate	0
Number of EAs where agencies requested CA status	0
Number of EAs where a CA status was not initiated or was ended for the reasons identified	9
Number of EAs involving CAs begun and ongoing during the reporting period	0
Number of EAs involving CAs begun and completed during the reporting period	0

Examples of reasons CA status was not initiated or why it ended:

1. Lack of special expertise – identify the expertise sought by the lead agency and/or offered by the potential cooperating agency).
2. State, Tribal or local entity lacks authority to enter into an agreement to be a CA.
3. Potential CA unable to agree to participate during scoping and/or throughout the preparation of the analysis and documentation as necessary and meet milestones established for completing the process.
4. Potential or active CA unable or unwilling to identify significant issues, eliminate minor issues, identify issues previously studied, or identify conflicts with the objectives of regional, State and local land use plans, policies and controls in a timely manner.
5. Potential or active CA unable or unwilling to assist in preparing portions of the review and analysis and resolving significant environmental issues in a timely manner.
6. Potential or active CA unable or unwilling to provide resources to support scheduling and critical milestones.
7. Agency unable or unwilling to consistently participate in meetings or respond in a timely fashion after adequate time for review of documents, issues and analyses.
8. CA unwilling or unable to accept the lead agency's decision-making authority regarding the scope of the analysis, including authority to define the purpose and need for the proposed action or to develop information/analysis of alternatives they favor and disfavor.
9. Agency unable or unwilling to provide data and rationale underlying the analyses or assessment of alternatives.
10. Agency releases predecisional information (including working drafts) in a manner that undermines or circumvents the agreement to work cooperatively before publishing draft or final analyses and documents.
11. Agency consistently misrepresents the process or the findings presented in the analysis and documentation.
12. Other. Identify the other.
