RE: Cardiology Consultants
Amendment Application
License Number: 29-30691-01

03035860

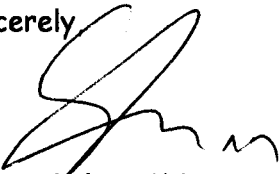

Dear License Reviewer:

Please amend our byproduct material license to add George Leber, M.D. as an authorized user for all materials currently approved on our license. Documentation attesting to training and experience are attached for review.

No additional changes are requested at this time.

If you have additional questions regarding this correspondence please contact Michael W. Lairmore or myself. Mr. Lairmore may be reached at (201) 447-3303.

Sincerely

George Leber, M.D.
President

RE: George Leber, M.D. - Confirmation of Academic & Clinical Training

Dear Sir or Madame:

Please allow this correspondence to confirm that George Leber, M.D. has completed a total of 1,080 of clinical training hours under by supervision. During the course of his training, Dr. Leber completed 500 hours working in the nuclear cardiology lab to include:

- A. Examining patients and reviewing their case histories to determine their suitability for radioisotope diagnosis, limitations, or contraindications.
- B. Selecting the suitable radiopharmaceuticals and calculating and measuring the dosages.
- C. Administering dosages to patients and using radiation shields.
- D. Collaborating with the authorized user in the interpretation of radioisotope test results and patient follow-up.

The remaining 500 hours of clinical training was completed in the following areas:

- A. Ordering, receiving and unpacking radioactive materials safely and performing the related radiation surveys.
- B. Checking survey meters for proper operations.
- C. Calibrating dose calibrators and diagnostic instruments and performing checks for proper operations.
- D. Using procedures to contain radiation spills of byproduct material and using proper decontamination procedures.

In compliance with regulations addressed in 35.290, Dr. Leber completed a minimum of 700 hours of academic and clinical training. Please note, that Dr. Leber completed 80 hours of his training in a formalized academic setting. A certificate attesting to the completion of his training has been attached for review. Please refer to this document for details.

Finally, I confirm that Dr. Leber is competent to practice independently as an authorized user.

If you have additional questions regarding Dr. Leber's training, please contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'David Blood', with a stylized flourish at the end.

David Blood, M.D.

Authorized User/Radiation Safety Officer
