Subject: Notice of Intent to Pursue License Renewal

References: 1. NRC Regulatory Issue Summary 2003-02, "Importance of Giving NRC Advance Notice of Intent to Pursue License Renewal," dated February 3, 2003
2. Letter, February 5, 2004, Exelon Generation to U.S. Nuclear Regulatory Commission, Notice of Intent to Pursue License Renewal

Dear Sir/Madam:

In Reference 2, Exelon Generation Company, LLC (EGC) informed the NRC of its planned dates for submittal of license renewal applications to the NRC. The purpose of this letter is to inform the NRC of changes to the schedule for submittal of license renewal applications. EGC also wishes to inform the NRC that EGC no longer considers this information proprietary.

EGC has decided to prepare a license renewal application for the Three Mile Island Unit 1 plant and plans to submit that application in the first quarter 2008.

In addition to Three Mile Island Unit 1, EGC plans to submit additional license renewal applications in the first quarter 2009, third quarter 2011, third quarter 2012, and first quarter 2015. These dates supersede the schedule information provided in Reference 2. Exelon is not prepared at this time to announce the specific plants for these license renewal applications, and therefore requests that the NRC identify each of these plants as an "Unnamed Exelon Plant".

If you have any questions regarding this information, please contact Fred Polaski, Manager License Renewal, at (610) 765-5935.

Very truly yours,

Thomas O'Neill
Vice President
Licensing and Regulatory Affairs
