Dear Ms. Reed:

Pursuant to the provisions of the Freedom of Information Act, I hereby request an electronic copy of the following documents.

Note: The Electronic FOIA Amendments requires supplying of documents in electronic format where the documents are stored as electronic files. Therefore, I request these documents in electronic format, (text or image) either by email or on a CD-ROM or on diskettes, whichever format you prefer. Obviously if a document is redacted, you may be obliged to release it in paper format instead of electronic format.

This request is for noncommercial research and study purposes, and this request should be placed into the fee category: "all other requesters", in which the first 100 pages and the first two hours of search time are not charged and review time is not charged at all. In addition, I request a fee waiver because the information in these reports will be used to inform the public of the operations and accomplishments of the NRC.

I believe that these reports can be released in their entirety, but in any case I ask that you release all segregable portions.
