Subject: Information for VY meeting

Attached, for your information, are the current versions of the Comm Plan (including Qs and As) and the D-note (which provides a summary of the staff's position regarding ISA). These are being provided to help you prepare for the public meeting at VY next Wednesday.

RL

MEMORANDUM TO: Tad Marsh, Director
Division of Licensing Project Management
Office of Nuclear Reactor Regulation

FROM: Allen Howe, Acting Director
Project Directorate I
Division of Licensing Project Management
Office of Nuclear Reactor Regulation

SUBJECT: COMMUNICATION PLAN FOR VERMONT YANKEE EXTENDED
POWER UPRATE

The attached plan describes the methods and tools for communicating with internal and external stakeholders about the extended power uprate review for Vermont Yankee. In particular, it will assist the staff in responding to concerns from the public and elected officials in controlled correspondence and public meetings.

This plan will facilitate communication within the agency to enable the staff to provide timely, consistent, and understandable information to our external stakeholders.
