Subject: Tomorrow's news tonight

internal use only — not for outside distribution

Lest anyone has forgotten, we expect the Plain Dealer Davis-Bessie story Sunday. For those who want to read Sunday's news on Sunday, go to www.cleveland.com I will ask Ops to fax the article Sunday to the Chairman at his hotel. Commissioner Merrifield is speaking in Cleveland Monday and has been equipped with D-B talking points.

In other news, the Vermont Yankee unusual event will receive regional coverage at best.

EX45

The Des Moines Register is working on a story about how many states have installed radiation detection devices on their highways to detect illicit nuclear materials. The reporter said Iowa is installing such a system at five weight stations. We passed the reporter over to DHS.
