U.S. Nuclear Regulatory Commission  
Region 1  
475 Allendale Road  
King of Prussia, PA 19406

Atn: Betsy Ullrich

VIA FAX AT 215/337-5269

We have completed the nuclear remediation in Buildings 2 and 6, the garage and the roof of Building 7. The final survey has been completed and ready for submission to the NRC. We will be requesting a response as soon as possible because of the potential weather damage to the roof in Building 7.

To whom do we address the letter?

  
C. W. Bickerstaff, Manager  
Industrial Hygiene  
Environmental Affairs
