Phone No.: 907-426-9208

Subject: Licensee request for information

Summary: In 9/7/05 letter Mr. Strzelewicz asked about general license application he had been receiving from fees. I advised that he was already specifically licensed for his gauges and that a general license application was not necessary. I advised him to contact NRC Fee Branch and explain this to them. I also noted that no license amendment was necessary based on his 9/7/05 letter.
