**IMPORTANT ANTI-NUCLEAR ADVOCACY ACTION ITEM:**

Please make the call, send the fax or letter, and forward this message to your Vermont contacts.\*

Because of the impending decisions of the Advisory Comm. on Reactor Safeguards and NRC concerning the proposed VT Yankee uprate, Ray Shadis, New England Coalition's senior technical adviser, has implored me to implore you to both fax and send US Postal mail to all three congressman from VT today!!

The basic message needs to be that in light of the unexpected shutdowns at VT Yankee in both 2004 and 2005, the lost fuel; the transformer fire; and the enormous technical uncertainties regarding the steam dryer and cooling pumps, we are urging all the congressman from VT to insist that an Independent Safety Assessment be a prerequisite to an uprate. ✱ ✱

Below are listed the appropriate contact information for Senators Jeffords and Leahy and Representative Sanders. Following that is contact information for the chair of the NRC.

Recent developments give your fax, letter and calls TODAY extra impact.
