#### General:

- 1. Organization charts and phone list
- 15. List of system numbers
- 17. FSAR and TS/TRM, including the bases (electronic copy)

#### Corrective Action Program Material:

- 2. Procedures related to the identification and resolution of problems initiation, evaluation, correction: including root cause evaluations, operability determinations, work requests, engineering requests, fix-it-now, operating experience, etc.
- List of <u>all</u> deficiency documents (CR's, WR's, DER's, etc.) since the last PI&R inspection

   in electronic spreadsheet format if possible include date initiated and closed,
   significance level, status, title/short description
- 11. For all non-cited violations (NCV's) and findings (FIN's) issued since the last PI&R inspection (including the PI&R) hard copy of each NCV/FIN and the associated CR
- 4. List of <u>open</u> temporary modifications, operability determinations, control room deficiencies and operator workarounds
- 5. List of rework and repeat items / maintenance metrics
- 14. Copy of last 2 CAP trend reports and CAP performance indicators used by management

#### Operating Experience Material:

6. List of OE reviews, NRC IN's / GL's / Bulletin's / Part 21's since last Pl&R

#### Maintenance Rule Material:

- 16. Risk-ranking of systems
- 8. Maintenance Rule procedure(s) / scoping document identifying risk ranking of SSCs
- 9. List of Maintenance Rule (a)(1) systems
- Copy of the system health reports for the (a)(1) systems (include the history and current status if not in the health report), and copy of the system health report for the top 5 high risk systems

#### Audits and Assessments:

- Copy of all QA reviews of the corrective action program since last PI&R
- 13. List of all QA audits and self-assessments since last PI&R

Additional Requests for Material

Terry,

Attached are additional requests for CRs, QA assessments etc. for Andy Rosebrook, Sammy McCarver and Brian Fuller. If you could have the material ready for the inspectors on Monday, it will help us hit the ground running.

I'll send a list for me later today. Please call if you have any questions.

RE: Additional Requests for Material

Terry,

Here's my list. Sorry its so late on Friday afternoon. I also apologize if there is any duplication. We've been working from several different lists. I've been trying to coordinate them, but may have missed a few. Also, I realize that I already requested some of the recent CRs. I put them on the list as a reminder to provide a current version so we can see what has been done since I was there for the bagman visit. Thanks again.

#### Tracy

>>> "Syrell, Terry F" <Terry.Syrell@constellation.com> 10/14/05 11:13 AM >>> Thanks. We'll pull this together.

Inspection Requests

Terry,

Sorry we kept missing each other today. For some reason I seem to have more meetings on Fridays than any other day of the week. We would appreciate it if you could have the following ready for us on Monday:

Sam: CRs 2005-1231, 2005-1132, 2003-5066 and 2003-0296

Copy of the Relief Valve Program Health Report

Brian: CRs 2004-4952 and 2002-4761

Andy: Interview with someone from Ops to discuss PIP performance measures for Aug and Sept. 2005 (This request was put in the red book on 10/21 so you may already have it)

Interview with site rad protection supervisor/manager (Andy is covering RP so that I can work on fire protection. Sam and Brian will also be following up on specific FP issues in their respective reviews of engineering and maintenance.)

Adam: Interview with one of the following, in order of preference: R. Corieri, Marc Greer, J. Roby, or RCIC system engineer to discuss OD for RCIC 2ICS\*V157

✓ Interview with Dave Vannamee or current General Supervisor of Maint Training regarding CR 2005-1135 (Monday is preferred - anytime after 1:00 pm)

Tracy: Q&PA Quarterly Reports for 2005 (I only have through 2004 on the disk)

CRs 2005-0928, 2004-5551, 2004-4936 and 2002-4470

Completed root cause analysis with any attachments for CR 2005-3583 (a Word version, if available, will probably be easier to review)

Interview with Walt Bush and followup discussion with Paul Lucason (Monday afternoon if possible. If necessary, I can talk to Walt by phone.)

Followup discussion with Mike Downs, interview with Larry Backus, and followup discussion with Larry Dick (Please find out their availability for Tuesday and Wednesday - I'll set up times after my discussions with Walt and Paul.)

I will probably be in the office over the weekend, so if you want to send the documents electronically, I'll print them out and confirm that I received them. See you on Monday.

Tracy
