Dear Sir or Madam:

03024781

We are writing to request an amendment to our NRC License (#37-27964-01) for the purpose of changing our Radiation Safety Officer. The current RSO as listed on our license (item 12) is Joseph Conti. Pending your approval, the new RSO will be Gregory Tomon. Mr. Tomon has been employed by Lindy Paving since April of 2000. He received his initial Nuclear Gauge Training through the course offered by Troxler Electronics Laboratories and was certified as such on 6-6-00. He is a graduate of the University of Pittsburgh School of Civil and Environmental Engineering. Currently Mr. Tomon holds the position of Assistant Quality Control Manager at Lindy Paving. He has participated in annual refresher courses as offered by myself and supplemented by additional Radiological Safety Training as conducted by Applied Health Physics of Bethel Park, Pa. in March of 2004. He is thoroughly familiar with the terms of our License and Radiation Safety Program and very capable of fulfilling the responsibilities of the position. I am listing his social security number below. If you have any questions or require any additional information to expedite this matter please contact me at 412-205-1413.

Gregory Donald Tomon

Licensed Technician

Sincerely,

Joe Conti
Radiation Safety Officer and Quality Control Manager
