

Andrew J. Spano
County Executive

Anthony W. Sutton
Commissioner

John E. Jackson
Deputy Commissioner

Westchester County Department of Emergency Services

July 22, 2005

Mr. Samuel Collins, Regional Administrator
Nuclear Regulatory Commission
475 Allendale Road
King of Purssia, PA 19406

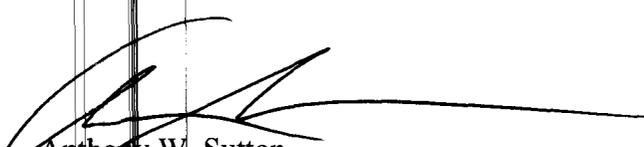

Dear Mr. Collins:

Westchester County is pleased to invite you to attend an important off site Emergency Planning Meeting for the Indian Point Nuclear Plants. This meeting's agenda will address proposed fundamental changes to our planning process, as well as proposed changes to the format in which we communicate emergency messages and protective action directions to the public. The proposed changes have far reaching consequence and will require a large team effort. Your attendance at this meeting is very important. We hope to emerge from this meeting with a plan and timeline for project implementation and completion, as well as funding solutions. Accordingly, we request that senior officials with policy and funding decision ability attend.

The meeting is scheduled for 10AM on Wednesday, October 12, 2005 at the Hudson Valley Traffic Management Center in Hawthorne, New York. The TMC is a secure facility. Please RSVP the names of the individual(s) attending to Ray Albanese, 4 County Coordinator at 914-864-5448 or ral1@westchestergov.com no later than Friday, October 7th. Directions to the TMC are attached. Please plan to arrive early and be sure to have photo ID for the security officers.

Please do not hesitate to contact me with any questions. I thank you in advance for your attendance and participation in this important endeavor.

Sincerely,

Anthony W. Sutton
Commissioner
