Subject: Additional Information for Larchmont Amendment Request Regarding Michael  
Cory Brodsky, M.D.

Dear Ms. Janda:

Michael C. Brodsky, M.D. was a resident in our Diagnostic Radiology Residency Training Program from July 1, 2000 through June 30, 2004. During his training in Diagnostic Radiology, he rotated onto the Nuclear Medicine service. We have an active Thyroid Clinic in which we treat thyroid cancer and hyperthyroidism using I-131. During his training in Nuclear Medicine, Dr. Brodsky was involved in the therapy of more than ten (10) cases of hyperthyroidism and more than three (3) cases of thyroid cancer using radioiodine.

If I can provide any additional information, please let me know.

Sincerely,

R. Edward Coleman, MD  
Vice Chair, Department of Radiology  
Professor of Radiology  
Director of Nuclear Medicine
