Subject: new rules for nuclear operator

OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

hi, i would like to input my comments on the new rules for nuclear operator fatigue.

your rules are set up to limit fatigue for operators who work 12 hour shifts, and not 8 hour shifts, your rules will force us to change our work schedule to comply with the 7 days in a row. i work at beaver valley power station.

I have worked as a operator for over 25 years, both on 8 hour shifts and 12 hour shifts, you will be forcing the entire industry to go to 12 hour shifts which results in greater fatigue then working 7 days in a row, which makes me wonder if fatigue is really a concern or if you have a agenda to see all operation departments working 12 hours.

I would like to talk to you person to person on this subject, is there a number that you can be reached at, or is this a done deal? thanks
