Subject: (NOTE: This will be used as the Documents Title in ADAMS)	Failure to submit renewal application	
Summary:	I spoke with Mr. Lilly about the failure of the licensee to submit its renewal application. Mr. Lilly started talking about fees and he was working with another gentleman about changes that needed to be made in the application. I explained that he should speak to William Blaney at 301-415-5092 concerning any fees questions but that there were no fees regarding the renewal of the license. If, however, they do not get the renewal application in by December 31, 2005, the application would be considered as a new license and would be feed accordingly. The information that is needed can be found in NUREG-1556, Vol. 2 which was sent out to the licensees in 1998. If he had any questions concerning the renewal application, he could give me a call. Mr. Lilly stated that he did not see any problems in getting the renewal application completed and submitted to the NRC before December 31, 2005.
