

UNITED STATES  
NUCLEAR REGULATORY COMMISSION

WASHINGTON, D.C. 20555-0001

December 16, 2005

John J. Miller, CHP  
International Isotopes Idaho, Inc.  
4137 Commerce Circle  
Idaho Falls, ID 83401

**SUBJECT: ADDITION OF NARM/NORM SOURCES TO SEALED SOURCE AND DEVICE  
CERTIFICATE NO. NR-1235-S-102-S.**

Dear Mr. Miller:

In response to your request, the State of Texas asked us in an email, dated June 13, 2005, from Mr. Scott Kee, Department of State Health Services, State of Texas, to add the following sources with NARM/NORM materials to Registration Certificate No. NR-1235-S-102-S: BM06-22 (Sodium-22, 0.5 mCi), BM06-57 (Cobalt-57, 15 mCi), and BM06-68 (Germanium-68, 0.5 mCi). Since International Isotopes moved from Texas to Idaho and no longer has a facility in Texas, Mr. Kee asked us to amend your registration certificate to supercede Texas' certificate no. TX-1153-S-102-S, and include the sources that contain NARM/NORM material. Enclosed you will find a copy of amended Registration Certificate No. NR-1235-S-102-S with the NARM/NORM sources added.

Please note that once the NRC has developed regulations for NARM/NORM material in accordance with the Energy Policy Act of 2005, you must amend your materials license for possession and use with the NRC Region IV office.

Please be advised that you must manufacture and distribute the product in accordance with the statements and representations contained in your application, with enclosures thereto, and the information set out in your registration certificate. As a general rule, you must request and obtain an amendment to the certificate before you make changes or modifications to the information submitted to obtain the certificate.

Please read over the registration certificate in its entirety and notify us immediately of any errors or omissions. You are obligated to notify us promptly in writing should you decide to no longer manufacture or offer service support for the product.

Please be aware that, as a holder of an NRC registration, you may be subject to the NRC's licensing and inspection fees in accordance with 10 CFR Part 170, and annual fees in accordance with 10 CFR Part 171. If you have any questions concerning the fee requirements, please contact the License Fee and Accounts Receivable Branch at (301) 415-7544.

J. Miller
