Rick,

Thanks for the note. At this time, we do not anticipate making comments on the SER. However, we appreciate your providing the deadline in case we choose to make comments.

Bill,

As I am sure your aware, the current VY EPU schedule forecasts a final safety evaluation date of 2/24/06. In order to incorporate all changes since the draft that was issued on 11/2/05, and allow sufficient time for NRC internal review, I would like your input for the State comments section by 1/5/06.

Please let me know if you have any questions.

thanks,

Rick
