Summary:	The EPA has requested a license amendment to add a new RSO to the license. A resume and information regarding a 40 hour RSO training course were submitted in support of the request. The resume did not contain any information regarding direct work experience with radioactive material. I spoke to Ms. Lemond and asked her to send me information regarding her work experience with radioactive material such as tasks performed, radionuclides utilized, duration of experience, where experience was gained, etc. She will draft a response and fax it to me.	
Action Required:	awaiting fax from licensee.
