

Happy holidays John:

I have the updated DFP and I would like to send it on for NRC review. Unfortunately, I am not getting much cooperation from either the trust holder, or the maker of the L/C. It may just be because it is the end of the year. So as not to hold everything up, could I send the completed DFP to the NRC for review, with the understanding that the schedules that pertain to the funding mechanism will be sent in the future.

Thanks...Bruce Peterson GM
