SUBJECT: NOTICE OF VIOLATION DATED DECEMBER 1, 2005

Dear Mr. Saffer:

This acknowledges receipt of your letter dated December 16, 2005, notifying the NRC that you expect to resume nuclear medicine operations by April 1, 2006. This letter was a follow-up to the Notice of Violation that involved your failure to notify the NRC that no principal activities under your radioactive material license had been conducted for a period in excess of 24 months.

In discussions with my staff, you indicated that due to damaged equipment, no nuclear medicine operations were conducted since June of 2000. In your letter dated December 16, 2005, you indicated your corrective actions, which included the above-mentioned time frame to resume licensed activities.

The information provided has been reviewed by my staff and we have no further questions at this time. We appreciate the notification of the event and the follow-up information, and we will review this issue during the next inspection. If you have any further questions and/or concerns, please feel free to contact Sarah Bakhsh of my staff at (630) 829-9816.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,

/RA by W. Snell Acting for/
