Subject: ** SENSITIVE ALLEGATION MATERIAL **

With regard to notifying the alleged of her DOL rights, I have verified that we did so in our acknowledgment letter of October 16, 2003.

However, DOL requires that the CI file with them within 180 days from the date they are given notification of the adverse action. She was notified on February 26, 2003 that her position was being eliminated and didn't contact us until September 3, 2003 - 189 days later. So, it appears that by the time she came to us, she could not have made a timely notification to the Department of Labor.
