Subject: D-B Enforcement Effort

One and all:

Chris and I wanted to send each of you a very big thank you for your efforts over the past three weeks and especially yesterday.

It is not often, that the NRC puts together such a significant action in such a short time with such a high level of quality. This result was only achievable as a result of the outstanding team work demonstrated by each and every one of you. Your efforts have shone a very positive light on the capabilities, dedication, cooperation, and spirit of the NRC team.

Thank you very much.

Ken and Chris
