Dear Mr. Gaines:

Thank you for your September 22, 2005, email requesting a list of threatened and endangered species that may occur in the vicinity of Honolulu International Airport on two parcels (TMK 1-1-076:009 and 1-1-076:010) on the island of Oahu.

We reviewed the information you provided and pertinent information in our files, including data compiled by the Hawaii Natural Heritage Program. To the best of our knowledge, no federally listed or proposed threatened or endangered species, or proposed or designated critical habitat occur on the proposed project site.

We appreciate your efforts to conserve endangered species. If you have any questions, please contact Christa Russell, Plant Conservation Program Coordinator (phone: 808/792-9400; fax 808/792-9580).

Sincerely,

Patrick Leonard
Field Supervisor
