SUBJECT: Grand Gulf Early Site Permit Application Copyright Clearance (TAC NO. MC 1378)

REFERENCE: 1. System Energy Resources, Inc. (SERI) letter to USNRC – Early Site Permit Application (CNRO-2003-00054), dated October 16, 2003.
2. USNRC letter to SERI – Final Safety Evaluation Report for the Grand Gulf Early Site Permit Application (CNRI-2005-00012), dated October 21, 2005

The NRC Grand Gulf Early Site Permit (ESP) Project Manager recently advised Entergy of NRC's intent to issue its Final Safety Evaluation Report for the Grand Gulf ESP application as a NUREG publication. In accordance with NUREG-0650, Rev. 2, "Preparing NUREG-Series Publications," NRC requested Entergy to provide copyright clearance for information contained in the application. This letter provides the requested clearance.

Entergy grants to the NRC the right to use the information contained in Entergy's Grand Gulf ESP application as necessary to issue its Final Safety Evaluation Report as a NUREG publication. We understand that pursuant to 10 CFR 2.390, no information marked as proprietary information shall be copied or published. We further understand that NRC will not remove copyright and/or proprietary notices from any information, documents, or materials copied or published. Any and all rights not specifically granted by this clearance are reserved by Entergy. If you have any questions, please contact me at (601)368-5381 or gzinke@entergy.com.

Sincerely,

George A. Zinke
Project Manager
System Energy Resources Inc.
