SUBJECT: JERSEY CITY MEDICAL CENTER CAMPUS, VOIDANCE OF APPLICATION
FOR LICENSE AMENDMENT, CONTROL NO. 138112

Dear Dr. Metsch:

This concerns the subject application for an Amendment to your material license. Your letter requests that Melchor D. Romero, M.D. be named on your license as a second Radiation Safety Officer (RSO). The NRC does not recognize alternate or second RSOs. The individual listed on an NRC license as the RSO is the individual responsible for overseeing the radiation safety program. However, the RSO may delegate certain tasks to other qualified individuals. The RSO must confirm that those delegated tasks were performed as required and in compliance with NRC regulations and your NRC license. We have, therefore, voided your application. If you have any questions regarding this matter, please feel free to call me at (610)337-5102.

Sincerely,
