Subject: Additional information for NRC license amendment request for Sentara Williamsburg, control 138060

Licensee: Sentara Williamsburg Community Hospital
License No.: 45-16209-02
Docket No.: 03014703
Control No.: 138060

To: Sandy Wolff

Please provide the following additional information regarding the amendment request dated November 29, 2005. Please provide this information within 30 days. You may mail your signed response or fax it to 610-337-5269, referencing mail control 138060. If you send a fax, you may wish to leave a voicemail or e-mail message to alert me to look for it.

Please send an e-mail to confirm receipt of this message.

- 1) Regarding the request to add rooms on the attached diagram (treadmills for stress injections of radioactive material), no diagrams were attached to the amendment request. Please submit the diagrams.
- 2) Regarding the request to delete the strontium-90 source 3M Model 6D1A per the attached documentation, no documentation was attached. Please submit it.
- 3) Regarding the request to remove 10 CFR 31.11 authorizations from your license, in what location(s) did you use this material? If 31.11 material was used in a location in which you no longer use NRC licensed materials (i.e., clinical lab), provide copies of your closeout surveys. Also provide a list of radionuclides used under 31.11 (i.e., indicate if you used any radionuclides with half-life greater than 120 days).

Thank you for your help. If you have any questions, you may send an e-mail or call me at 610-337-5182.
