Subject: <small>(NOTE: This will be used as the Documents Title in ADAMS)</small>	Closure of hospital	
Summary:	According to Mr. Sulitz, the hospital closed Sunday, 1/08/06, and Mr. Sulitz is responsible for closing the radioactive materials program. He stated that he has been in contact with Cardinal Health about removing all sealed sources. He is also aware of the need to decontaminate the hospital. I told him to collect documentation of Cardinal's removal of the sealed sources when that happens, as well as to then do a survey confirming the absence of contamination. I told him to then attach all this documentation to a cover letter, signed by management, requesting termination of the license and send it to NRC. He agreed to do all this.	
Action Required:	Call back on 1/17/06 to check on progress. Await receipt of above documentation.
