Subject: (NOTE: This will be used as the Documents Title in ADAMS)	Change of Radiation Safety Officer	
Summary:	I attempted to speak with Joseph Nedresky, M.D. but was told that he was not in the office, so I spoke with the nuclear medicine technologist. Ms. Sherman stated that Leonard Coover, M.D. no longer was associated with the practice and should be removed from the license as an authorized user. She also described the duties of the Radiation Safety Officer. Dr. Nedresky would visit the site at least once a month for a period of about one hour. Ms. Sherman brings her records and the consultant's quarterly report to the Radiation Safety Officer on a weekly basis. This means that Dr. Nedresky spends between three and four hours per month on Radiation Safety Officer activities barring an emergency situation requiring his attention. I thanked Ms. Sherman for the information.
