RE: Survey Schedule Confirmation
Westinghouse Site
Bloomfield, NJ
License No. SMB-1527

Dear Mr. Roberts:

This letter is to confirm our telephone discussion today. Based upon that discussion you plan to perform a clearance survey of Buildings 7 and 8 at the former Westinghouse facility on April 7-9, 1998. We are planning to have a representative on site at 10:00 am on April 7th. If your schedule changes please call me at 412-642-3287. CBS Corporation (formerly Westinghouse Electric Corporation) is looking forward to the successful decontamination of the facility.

Sincerely,

A handwritten signature in black ink that reads "Kenneth J. Bird".

Kenneth J. Bird, CIH
Project Engineer/Consultant
