Dear Mr. Quinn:

Thank you for your letter dated December 19, 2005, in which you asked the U.S. Nuclear Regulatory Commission (NRC) to formally co-sponsor the 5th American Nuclear Society International Topical Meeting on Nuclear Plant Instrumentation, Control and Human Machine Interface Technologies (NPIC&HMIT '06) in Albuquerque, New Mexico, on November 12-16, 2006. I enjoyed attending the NPIC&HMIT '04 meeting and appreciate the opportunity for the NRC to co-sponsor NPIC&HMIT '06. In so doing, the NRC will be happy to provide a limited number of staff members to serve on the Organizing Committee and as session organizers.

The NRC's support for this meeting will be coordinated by Steven Arndt (301-415-6502 or SAA@nrc.gov) for the nuclear plant instrumentation and control segment and Julius Persensky (301-415-6759 or JJP2@nrc.gov) for the human machine interface technologies segment. Please feel free to contact them if you need any additional information.

Best wishes for a successful meeting.

Sincerely,

/RA/

Office of Nuclear Regulatory Research
