Suite 400
Washington, DC 20006-3708

Dear Mr. Fertel:

I accept your invitation to provide opening remarks at the Nuclear Energy Institute's Emergency Preparedness and Communication Forum in Clearwater, Florida on June 12, 2006. As you are aware, Emergency Preparedness and Emergency Response has always been an area of high NRC interest. I look forward to providing the attendees an overview of how the NRC would respond to an event at one of our licensed facilities, and how we would coordinate recovery activities with other government agencies.

If you have any questions, do not hesitate to contact Kenneth Kolaczyk of my staff at 301-415-8709.

Sincerely,

/RA/
