Subject: (NOTE: This will be used as the Documents Title in ADAMS)	Progress Toward Disposition of Licensed Material	
Summary:	Dr. Tai called to inform me that they have received the packaging necessary to ship the gas chromatograph back to Thermo Electron. He wanted to know what information the licensee needed to provide to the Commission in order to close out the license. I told Dr. Tai that we would need a letter from Thermo Electron indicating that Thermo Electron is in receipt of the device and a cover letter from the licensee informing the Commission of its intent to terminate the license and that the device was never used at the current location of use. I thanked Dr. Tai for keeping the Commission appraised of the licensee's progress towards disposition of the device.
