Subject: (NOTE: This will be used as the Documents Title in ADAMS)	Mail Control No. 138153, Voidance of Action
Summary:	The licensee requested by a letter dated December 19, 2005, that a second radiation safety officer (RSO) be added to the license. It was explained to him that we do not allow more than one RSO on a license, however, as RSO he may delegate some responsibilities provided that he understands that he is still responsible for the radiation safety program. Conversely, if he chooses, he may request that the RSO responsibilities be formally changed to another qualified person within the organization. This could be handled under this Mail Control number in the form of using this phone conversation as a request for additional information. Mr. Ackley requested that we void the action. He may request a new RSO however he is not ready to do so right now and would like us to void this action.
