ATTN: MARY BURLEIGH, DIRECTOR OF MEDICAL IMAGING

I received a phone call from your Consulting Physicist, Dr. Dean Broga, requesting that your proposed amendment for change in Radiation Safety Officer be reviewed under the old 10 CFR Part 35, Subpart J requirements (which expired on 10/24/05 and did not require the letter of attestation). After consultation with our Branch Chief, Pam Henderson, it was determined that your request could be reviewed under the old Subpart J requirement because your letter was dated prior to Subpart J expiration. Therefore, the letter requested in my previous e-mail, dated 01/09/06, is not needed and I will proceed with the change in Radiation Safety Officer as requested.
