Mr. Dater,

This is in response to Dr. Girish Purohit's letter dated December 21, 2005 asking for exemption in the RSO Training Regulations. In particular the request stated that there was a mistype error written into 10 CFR 35.50.

The regulation 10 CFR 35.50, Training for Radiation Safety Officer was changed on January 12, 2006.

Currently, I have requested an exemption for Dr. Girish Purohit from 10 CFR 35.50 (b)(ii). Based on the rule change, this exemption may no longer be the correct request nor needed.

In support of Dr. Girish Purohit to become an Radiation Safety Officer, please submit additional information as required by 10 CFR 35.50(c)-(e), request exemption of a different section of 10 CFR 35.50, confirm that the original exemption request should remain, or alternatively submit another person as the Radiation Safety Officer.

If you have further questions you may wish to telephone me at 610-336-5366.

Please note that you may not reply to this letter by return e-mail. Your reply must be in writing by letter or facsimile (610-337-5269). If we do not receive a reply from you within 10 calendar days from the date of this e-mail, we will assume that you do not wish to pursue your application.
