**Re : Additional Information for Amendment Request for License #: 37-30631-01
Control Number 137993**

Dear Mr. Courtemanche,

03035681

2006 JAN 13 11 2

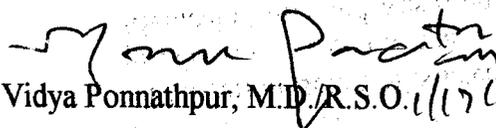

RECEIVED

This is in response to your letter dated 12/20/05. Based upon your comments I have re-reviewed in detail all of the data that was submitted to you and wish to offer the following supplemental information:

1. The certificate submitted from the American Society of Nuclear Cardiology does not pertain to Dr. Bair's clinical experience with radioactive material, and was not intended to stand alone as qualification for authorized user status, such as a document from the Certification Board of Nuclear Cardiology. It is a certificate of completion for a health physics training course that was presented by ASNC and the Georgetown University Medical Center and was submitted to verify Dr. Bair's significant efforts to obtain formal health physics training for nuclear medicine applications.
2. While my preceptor letter states that Dr. Bair has completed 50 hours of training it should have confirmed that he received 200 hours of training, as is clearly stated on the ASNC certificate of completion that was submitted.
3. Item A., 2, g. of my preceptor letter is in error. That item was erroneously added as we did a line by line review of the requirements in 10 CFR 35.290. I can verify Dr. Bair's experience in the other stated aspects of work experience and clinical aspects of nuclear cardiology; however, we have not worked with generators at our facility at Medical Associates of Monroe County. Dr. Bair's only experience with generators is limited to his training at the ASNC course. We intend to maintain our licensing status using only unit doses.

We appreciate your thorough review and your input to our program. We request that you reconsider our amendment to add Dr. Bair to our license as an authorized user. If you have any questions or need any additional information please contact me at your convenience at (570) 421-3872.

Sincerely,

Vidya Ponnathpur, M.D./R.S.O. 1/17/06
