SUBJECT
Control No. 315007 -- Re - Amendment request by letter dated October 1, 2005, regarding request to change the RSO from David M. Coates, B.S., C.N.M.T. to Jim Fisher, B.S., for NRC License No. 34-30614-01.

SUMMARY
In a telephone conversation with Mr. Coates on this date, I noted that NRC Region III will be handling their license, not NRC Region I, because the license was transferred from NRC Region I to NRC Region III in 2001 and therefore all future correspondence should be sent to USNRC Region III, 2443 Warrenville Road, Suite 210, Lisle, Illinois 60532-4352. Further, I requested that the licensee provide the following:

1. A letter, jointly signed by an upper management representative (such as Mr. Charles Kiho) and Mr. Fisher, that acknowledges both Mr. Fisher's appointment as RSO as well as his acceptance of the duties and responsibilities associated with the position.
2. A written clarification regarding whether Mr. Fisher is to also be added to License Condition 11 as an authorized user.
3. Also, regarding the request to name the "former" RSO, David M. Coates, to the new position of "Alternate Radiation Safety Officer" (ARSO), please note that it is our policy that one individual have the primary responsibility for the radiation safety oversight of the licensed program. If you wish us to name Mr. Coates on the license, to this new position, please confirm, and also confirm that Mr. Coates will act for the RSO only for short periods of time in the absence of the RSO, such as sickness or vacation, and that the ARSO will report to the RSO upon on the RSO's return, concerning all RSO activities performed during the absence of the RSO.

Licensee was requested to provide the requested response to me by facsimile at 630-515-1259. No follow-up hard copy needed. Any questions may be directed to me at 630-829-9828.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this conversation record will be available electronically in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.
