Subject: FYI: New TAC number LU0122

Al,
I'm generating a new TAC number (LU0122) for the development of the Environmental Assessment and Technical Evaluation Report for Homestake's proposed license amendment to SUA-1471 to revise their background ground water quality standards. Please refer to this new number in correspondence related to the proposed amendment.

If you have any questions, feel free to call me at 301-415-7612.
