Subject: (NOTE: This will be used as the Documents Title in ADAMS)	Hospitalizations at Mennonite General Hospital	
Summary:	<p>Outgoing conversation: On January 25, 2006, I spoke with David Rhoe regarding CRMI's intent to continue to hospitalize patients per 35.75 at Mennonite General Hospital under its new license. I stated that the current license, as written, did not authorize hospitalizations at Mennonite. He stated that he, the AU and the technologists clearly understood that there would not be any hospitalizations until a license amendment is issued. The amendment will formalize an understanding between the hospital and the licensee regarding: (1) which room(s) will be used for the therapies, (2) release of the room(s) after completion of the therapies, (3) visitor control, (4) training of hospital staff, (5) contamination control, (6) required surveys, (7) CRMI's access to other hospital premises, and (8) disposal of generated wastes. I indicated that the above list was not all-inclusive and encouraged him to add to it. I also stated that a corrected copy may be issued to confirm no hospitalizations until license is amended. Rhoe stated that he was indifferent to the corrected copy since no hospitalizations would take place anyway.</p>	
Action Required:	Document either by letter or corrected copy our understanding that no hospitalizations will take place until the agreement is incorporated into the license as an amendment.
