Janet R. Schlueter, Director  
Office of State and Tribal Programs  
Nuclear Regulatory Commission  
Washington, DC 20555-0001

Dear Ms. Schlueter:

Thank you for your letter of January 3, 2006. I'm looking forward to working with you and Mr. Maier as the State of Missouri's Liaison Officer to the Nuclear Regulatory Commission.

The Missouri Department of Natural Resources has a 24-hour telephone line. You can reach me after regular business hours by calling that number which is (573) 634-2436. Personnel manning that number will be able to reach me. You also asked for the name of someone in our organization authorized to receive and handle classified information. That individual would be myself.

Currently, the state of Missouri does not have a facility with secure communications equipment. The Missouri State Highway Patrol is in the process of opening the Missouri Intelligence Analysis Center (MIAC) which will be a 24/7 operation. The center's mission will be to gather intelligence and sensitive information for law enforcement purposes and to also disseminate sensitive information to appropriate law enforcement and state agency personnel. Once MIAC is in operation and has a secure communication system in place, I will send you the information you requested.

If you have any questions or need additional information, please feel free to contact me at (573) 751-3195.

Sincerely,

DEPARTMENT OF NATURAL RESOURCES

  
H. Floyd Gilzow  
Deputy Director for Policy
