**Subject:** Fwd: Tom Snyder Resignation

Janet,

I just spoke with John Wray and Robert Bores of Region I, who had just become aware that Thomas Snyder, the current Director of the Air and Radiation Management Administration (ARMA) and my boss, is leaving effective February 2, 2006. Just this morning, MDE Secretary Kendl Philbrick disseminated the following:

I am pleased to announce that today, I have appointed Tad Aburn as Director of the Air and Radiation Management Administration effective February 4, 2006. We are fortunate to have Tad accept the leadership of Maryland's air and radiation programs. Over the past 23 years of service, Tad has demonstrated tremendous knowledge and expertise in his work to reduce and control the spread of air pollution. Tad is a proactive leader by taking on implementation of a wide variety of pollution control programs required by the Clean Air Act, including State Implementation Plan (SIP) development, regulation adoption, urban airshed modeling, inventory development and air quality education and outreach.

Please join me in congratulating Tad and please give him your support and cooperation as he takes on the challenges of these new and additional responsibilities.

Kendl P. Philbrick  
Secretary

I'm not sure whether Tad is a candidate for the SLO position, but I know I will probably perform some duties in the interim. Meanwhile, NRC may want to pursue whatever procedures that are in place to expedite identification of Tom's replacement. I still believe that the position should be filled by someone closer to the Governor than the Radiation Program Director.

Roland G. Fletcher  
Maryland Radiological Health Program Manager

**Subject:** Tom Snyder Resignation

Mr. Thomas Snyder, Director of Air and Radiation Management Administration, has resigned effective February 3, 2006 to pursue other personal interest. I want to thank Tom for his service, leadership and accomplishments for the last 2 ½ years. Please join me in wishing him much success in his new endeavors.
