Mr. Burnham:

Re: ExxonMobil Highland Facility, docket no. 40-8102

We have received your submittal for amendment of Materials License Number SUA-1139 transmitted by letter dated January 16, 2006, to revise the ground water standards in condition 33 of your license. Your request has been assigned Technical Assignment Control Number LU0120. Please reference this number in any future correspondence associated with this request.

Please note that the complete technical review may identify omissions in the submittal information or technical issues that require additional information. I can be reached at (301) 415-6629 or by e-mail at mhf1@nrc.gov.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).
