Secretary U.S. Nuclear Regulatory Commission

Dear Secretary Nuclear Regulatory Commission,

I am a resident living in the shadow of the Indian Point nuclear power plant located in Buchanan, New York. I am concerned that the current relicensing regulations are not in the best interest of the public - and our health and safety.

I support Westchester County Executive Andy Spano's 2.802 petition PRM-54-02, which would require the NRC to take into account crucial components of public health and safety such as population density, infrastructure, and emergency planning during the license renewal process.

Sincerely,

Stephen Blot
