RE: License Renewal Control Number 125676

Dear Licensing Administrator:

My telephone communication on July 6, 1998 with Shirl Bracker of the NRC office confirmed that your agency has received my letter of June 29, 1998 and no additional materials are currently requested. Since the June 22, 1998 communication addressed to the previous RSO, Carl Gilbert, was subsequently forwarded to me today, I will formally include the completed Form 313 document for your records.

I have reviewed our existing license and there will be no changes to this license beyond the assignment of myself as Radiation Safety Officer. In connection with this therefore, Item 11. A. should now state " Licensed material shall be used by, or under the supervision of, David R. Filpula." Delete the names of Carl Gilbert, Abraham Lasdun, Barbara Czuba, Masih Hashim, and Mel Silberklang from line 11. A. Item 11. B. should now state " The Radiation Safety Officer for this license is David R. Filpula".

Sincerely,

David Filpula, Ph.D.
Director, Molecular Genetics

Estimated burden per response to comply with this information collection request: 7 hours. Submittal of the application is necessary to determine that the applicant is qualified and that adequate procedures exist to protect the public health and safety. Forward comments regarding burden estimate to the Information and Records Management Branch (T-6 F33), U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, and to the Paperwork Reduction Project (3150-0120), Office of Management and Budget, Washington, DC 20503. NRC may not conduct or sponsor, and a person is not required to respond to, an information collection unless it displays a currently valid OMB control number.

APPLICATION FOR MATERIAL LICENSE
