SUBJECT: REQUESTED DOCUMENTS

Dear Mr. Lange:

Per your request during a telecon on May 1, 1996, we are sending you the following documents:

1. Radiological Survey of the Combustion Engineering Burial Site Hematite, Missouri, NUREG/CR-3387 published July 1983.
2. License Application dated May 15, 1956, submitted by Mallinckrodt Chemical Works for the NRC issued Materials License SNM-33 on July 18, 1956. It appears that the application dated May 14, 1956, listed in the Materials License SNM-33 issued on July 18, 1956, was a mistake.

If you have questions please call me on (301) 415-8155.

Sincerely,

A handwritten signature in cursive script that reads "Sean Soong".
