

February 10, 2006

Joe Vranka, Manager
Radiation, Policy and Regulation Development
Hazardous Materials and Waste Management Division
Colorado Department of Public Health and Environment
4300 Cherry Creek Drive South
Denver, CO 80246-1530

Dear Mr. Vranka:

As you are aware, the U.S. Nuclear Regulatory Commission (NRC) is using the Integrated Materials Performance Evaluation Program (IMPEP) for the evaluation of Agreement State Programs. Per my discussion with you, I will be the team leader for the IMPEP review of the Colorado program scheduled for March 13-17, 2006. The team will include Vivian Campbell, NRC Region IV State Agreements Officer; Dennis Sollenberger, Osiris Siurano and Nima Ashkeboussi from NRC Headquarters, Dorothy Stoffel from the State of Washington, and Frieda Taylor from the State of California.

We have the Colorado response to the Integrated Materials Performance Evaluation Program Questionnaire submitted in August 2005. As discussed, we will only need an update to that questionnaire, showing any program changes since August 2005.

I request that you set up an appointment with the appropriate State Senior Management Official to discuss the results of the IMPEP review of the Colorado program on the morning of March 17, 2006.

If you have any questions, please call me at (301) 415-2308.

Sincerely,

/RA/

John G. Zabko, Team Leader
Office of State and Tribal Programs
